

Tactical flashlight with strong output

Product price:

\$114.46

Product codes:

Reference: THH0121

Product features:

Product line: Tactical Line
Run time: 1 h 40 min
Light output [lm]: 915
Light source: Cree XM-L U2
Power: 2 × CR123A
Beam distance [m]: 281
Weight [g]: 170
Dimensions [mm]: 36 × 29 × 155
Designation: Hunter
Designation: Camping
Type of power supply: Bateryjno/akumulatorowe
Light output: Baterie CR123 / Ogniwo 18650
Type of lighting - listing: Latarki ręczne

Product description:

Deployed worldwide, the dependable Defender has earned a solid reputation, making it one of our most popular weapon mounted lights. We've fully sealed the hard anodized aircraft grade aluminum body, enabling flawless performance even after being fully submerged (IPX8). The Defender deftly defies the recoil and abuse of being mounted to an assault weapon for thousands of rounds. The deep anti-roll strike bezel protects the lens and LED while using the light to break windows or during employment as a weapon of last resort. A full range of accessories, including color filters and various mounts, customize the Defender for each weapon and mission. Available in both battery and rechargeable versions.
