

Tactical LED with High Output 700 lm, adapted for mounting on Glauberyt type rifle, MCT-3

**Product price:**

**\$71.47**

**Product codes:**

Reference: THH0151

### **Product features:**

Product line: Tactical Line  
Run time: 45 min  
Light output [lm]: 700  
Light source: Cree XP-L  
Power: 2 x CR 123A  
Beam distance [m]: 170  
Weight [g]: 129  
Dimensions [mm]: Ø 25.4 × 32.4 x 110  
Designation: Camping  
Type of power supply: Battery  
Light output: Battery CR123  
Type of lighting: Hand flashlights

### **Product description:**

A high quality tactical flashlight for supporting the operation of anti-terrorist and police squads, heavy combat vehicles and recon units. The MCT-3 perfectly fits the PM-98 submachine gun. Its compact size and low weight have practically no effect on the operator. Thanks to its strong light source, exceptionally sturdy design and universal power options, the MCT-3 is the perfect flashlight for extreme conditions.
