

## Patrol flashlight with docking station EXPLORER, 550 lm

### **Product price:**

**\$101.01**

### **Product codes:**

Reference: THH0071

### **Product features:**

Product line: Tactical Line  
Run time: 3 h 15 min  
Light output [lm]: 550  
Light source: Cree XP-G3 LED  
Power: Akumulator Li-ion 3.7V 2600 mAh  
Charging time: 4-6 h  
Beam distance [m]: 200  
Weight [g]: 265  
Dimensions [mm]: 176 x 58 x 30  
Designation: Tactical  
Type of power supply: Accumulator  
Light output: Dedicated battery  
Type of lighting: Hand flashlights

### **Product description:**

The Explorer ends a soldier's search for a mid-size rechargeable patrol flashlight with an exceptional 3-hour runtime. The docking station keeps it ready for action, either deployed at headquarters or in a scout vehicle. The Explorer tackles the toughest tactical theaters with its aircraft aluminum quality body, unbreakable, scratch resistant Lexan lens™, IP65 waterproof rating, and shock resistance. Each Explorer has a unique serial number for inventory control required by large security agencies and police departments.
