Type of power supply: Battery/accumulator

### Product description:

The gun-mounted flashlight T-Force LSR, with laser, is rated at 550 lumens and serves as a great source of light in action. Its effective range is nearly 150 m. The flashlight is lightweight and has little impact on the gun's balance. The green laser makes aiming easier. The set includes a CR123A battery. The product's resistance class is IPX4.
