Scream 3.1 is a front bike light offering an impressive light output of up to 1000 lumens, perfect for city rides and demanding gravel and MTB trails. Five operating modes, including pulse modes, allow you to adjust the light to your needs. Powered by a replaceable 18650 Li-Ion battery (3400 mAh), it provides extended runtime and can be charged during use via a USB-C port. The sturdy IP66-rated housing is highly resistant to dust and water and can withstand drops from a height of 1.5 meters. The Scream 3.1 features a battery indicator and can be mounted under navigation devices with an optional bracket.
