Base Camp is a robust headlamp designed for outdoor adventure enthusiasts. It features a primary LED with up to 360 lumens of light and additional warm and red light options. With Dual Source System technology, the headlamp can be powered by a rechargeable battery via Micro USB or three AAA batteries, providing flexibility in power options. Advanced Dimming System function allows precise light intensity control, and its lightweight, ergonomic design ensures user comfort. Water-resistant (IPX4) and impact-resistant to drops from up to 1 meter, the Base Camp is a reliable choice for trekking, camping, or DIY tasks.
